## **RESOLUTION WITHOUT MEETING**

**Thursday 17 September 2009**

---

Pursuant to Schedule 1, Division 2, Clause 11 of the Waste Avoidance and Resource Recovery (WARR) Act 2007, this is the record of a resolution without meeting made by the Waste Authority, assented to by members through email transmissions dated 9 – 11 September 2009.

### **REVIEW OF TOTAL RECYCLING ACTIVITY IN WESTERN AUSTRALIA**

The Waste Authority at its 3 June 2009 meeting resolved to seek quotes to undertake a review of the total recycling activity in Western Australia for a 5 year period, commencing 2007/08 for an initial 3 year term with the possibility of extension for a further 2 years. A scope of works for the review was tabled at that meeting, where some changes were sought in consultation with the Chairman and Deputy Chair.

The reviews of total recycling activity will identify the total mass of material collected and recycled each year in Western Australia. The reviews will enable Western Australia to identify priority areas for action and compare activity for each of the materials and source sectors across the States, measuring the Nation's reprocessing activity. It will include an assessment of the extent to which materials are transported either interstate or overseas for reprocessing.

An out-of-session briefing note was circulated to members on 9 September 2009 advising that proposals for the works had been received and reviewed through a panel assessment process. The approval of the Waste Authority was sought to expend up to \$185,000 (incl GST) over 3 years to fund the cost of a contractor to complete the Review of Total Recycling Activity in Western Australia for financial years 2007/08, 2008/09, 2009/10 and 2010/11.

The Authority:

- 1) *Approved expenditure of up to \$185,000 (incl GST) over 3 years to fund the cost of a contractor to complete the Review of Total Recycling Activity in Western Australia for financial years 2007/08, 2008/09, 2009/10 and 2010/11.*
- 2) *Agreed to recommend to the Minister for Environment, the approval of the Review of the Total Recycling Activity of Western Australia for an amount of up to \$185,000 within the Waste Authority Work Plan / Budget.*
